CONTRACT PACKAGING

ABOUT PROJECT PACKAGING

At PPI we provide skin packaging, blister packaging, bagging and shrink packing services plus laminating, die cutting and assembly operations. Warehousing and distribution are other services provided from our 130,000 square foot facility.

ABOUT FOOD AND CHEMICAL PACKAGING

At Food Packaging, ingredients are blended or mixed and packaged into pouches and cartons at our USDA inspected and AIB certified facility.

Chemical Packaging contract manufacturer and packager of both dry and liquid chemical products. EPA registered facility providing blending, mixing and form, fill and seal pouches, bottling, cartoning and can filling.
